Username: **Stanley-Boyd**

Password: **Orioles#1**

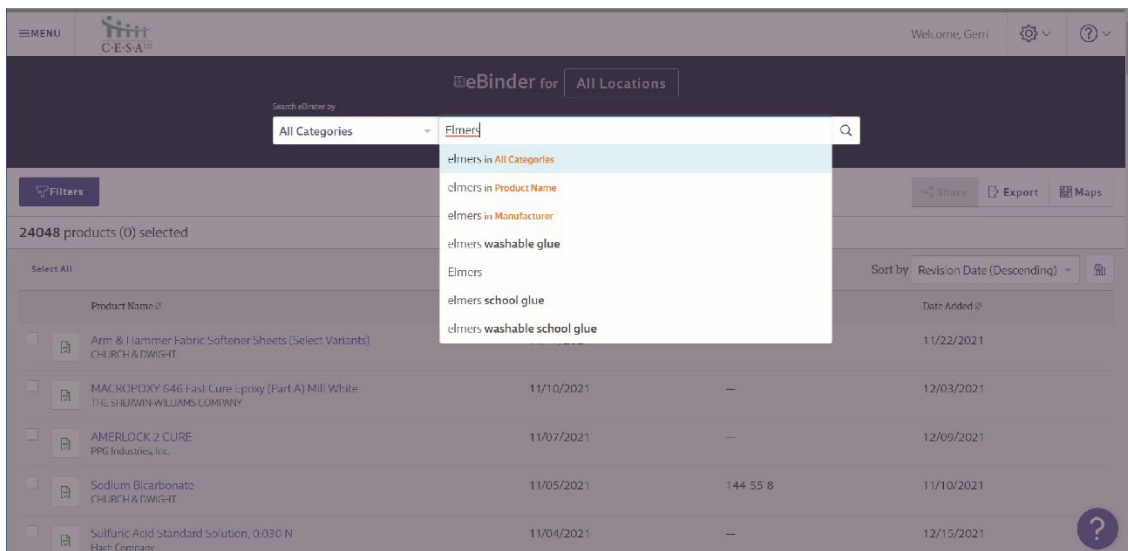

2. Once you've logged in, the screen should look like this. To search for a SDS click on the "Search your eBinder" bar. It is already set to search all categories.

6. Type the chemical or product name you would like to search for in the Search field. Click the Search button.

7. As you begin typing, the search bar will begin to suggest possible matches to your search. This function is similar to that of any search engine.

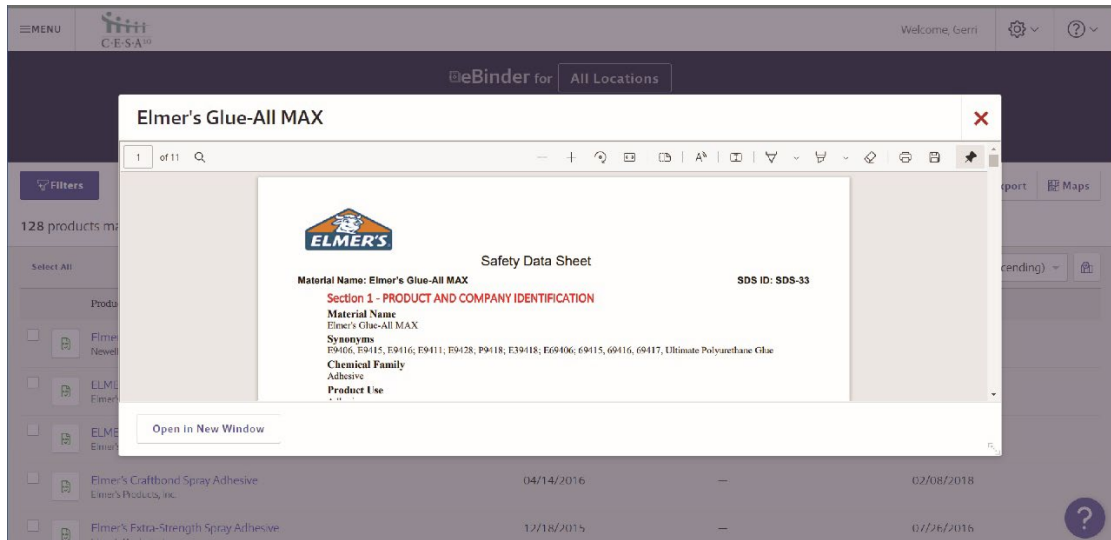

The screenshot shows the 'eBinder for All Locations' interface. At the top, there is a search bar with 'All Categories' selected and 'elmers' entered. Below the search bar, there are buttons for 'Filters', 'Share', 'Export', and 'Maps'. The main content area displays '128 products match (0) selected' and a table of search results. The table has columns for 'Product Name', 'Revision Date', 'Product CAS #', and 'Date Added'. The first row is highlighted, showing 'Elmer's Glue-All MAX' by 'Newell Office Brands, Inc.' with a revision date of '03/22/2020' and a date added of '01/26/2021'. A PDF icon is visible next to the product name in this row.
