

FACILITIES USE

The Stanley-Boyd Area Schools District wants to encourage use of the facilities by the district and by members of the community. The following is the priority for use of the district facilities.

| <u>Priority</u> | <u>Type of Activity</u> |
|-----------------|------------------------------|
| First | High School Activities |
| Second | Middle School Activities |
| Third | Elementary School Activities |
| Fourth | Community Activities |

Scheduling of use of the facility will be done according to the above priorities. However, once the schedule is made, priority for use is with the group that has the facility scheduled. No other group may deny use to the group that is scheduled. An example would be, times blocked out for community use of the swimming pool may not be overturned for it to be used by the school district for school activities.

Due to liability issues, if the use of school facilities necessitates employee(s) be present outside of normal operating hours, the organization using the facility will be charged \$50 per hour for custodian and \$40 per hour for food service services.
