

ATTENDANCE AT CLINICS AND TOURNAMENTS

Beginning with the 2009-10 school year:

1. Coaches may use personal days to attend state tournaments or unapproved clinics. A District vehicle/fuel may be used for this purpose if available.
2. Attendance at coaching clinics will be approved in the same manner as all other professional development activities. A "Leave Request" form will be completed prior to the clinic with a copy of the clinic schedule and written comments from the coach regarding what he/she intends to bring back to SBSB as a result of attendance.
3. As a general rule, no more than one clinic for no more than two days per year will be approved for any teacher.
4. As in the case of all other professional development opportunities, the District will pay for approved clinic expenses to include registration, meals, lodging, and mileage.
5. All lodging must be completed by Renee in order to be approved and subsequently paid for. A District van will be made available. If an attendee chooses to drive their own vehicle, they may do so at their own expense.

Approved: June 30, 2009
