

VOLUNTEER COACHES

Beginning with the January 27, 2014 school board meeting, all volunteer coaches must be approved by the school board prior to participating with the team. Specific to this rule, a volunteer coach will refer to those individuals who travel with the team, sit on the team bench/sideline, are named as a coach in a program, and/or are announced as a coach.

The approval process will be as follows:

1. Coach makes the Athletic Director aware of the need for the volunteer coach.
2. Athletic Director completes background check on individual.
3. Athletic Director forwards his/her recommendation to the Superintendent.
4. Superintendent forwards his/her recommendation to the School Board.
5. School Board approves volunteer coach via Consent Agenda.

Volunteer coaches may not engage in activities until approved via board action. Thereby, they cannot start after step #3 which sometimes is required to happen with regular hires.

Approved: December 30, 2013

Revised: January 28, 2019
