Written By: Jim Jones, District Administrator

Date: February 19, 2007

The District realizes that nothing can adequately recognize the many contributions that staff has made to the education of the young people who attend school in this district. The following awards are presented as a token of the esteem and respect the District has for our staff who have achieved these levels of meritorious service. These awards are the District's way of saying "thank you" and are in appreciation of the many contributions that each and every staff has made. While staff performs different roles within the District, every role is important to the well being of our students and contributes to their education. The employees will receive their awards at an appropriate ceremony.
