March 13, 2020 Update

Dear Students, Parents, Staff, and Friends,

Shortly after I sent my earlier message, Governor Evers made the decision to close schools from 5 PM Wednesday, March 18 with anticipated opening April 6 at the earliest. I am glad the Governor made this decision. Obviously, this may cause some confusion for families based on my recent message.

We will be meeting early tomorrow morning to discuss the status of Monday through Wednesday. As I stated in my previous email, we have some other education options for students but will need some time with staff to prepare them. I will send out another notification by 11 AM Saturday morning to identify clear plans for Mon. through Wed.

Thank you for your patience in this challenging time.

Sincerely,

Jeff Koenig Superintendent
